

# Welcome to our Craft Bakery

## IN NEUGASSE

Baking has been going on here for 120 years - with a lot of craftsmanship, heart and tradition. In the past, the central production of the Schwyter bakery was located in this café. This is why - for breakfast, lunch or in between - we offer all kinds of things from the oven.

Enjoy our fresh, handmade and truly local products!

## SNACKS & MORE

Whether for lunch or a snack to take a break from exploring the city – our bakery has something fresh out of the oven around the clock. As we produce freshly each day we might run out of specific products, but we will surely find a matching alternative for you.
